

## Status Override Feature

Occasionally a posting agency needs to proceed differently than originally anticipated. This may result in **cancelling**, **rejecting**, and / or **rebidding** the solicitation. In PennBid, the solicitation status can be manually adjusted using the "Status Override" drop-down menu, found on the **Setup** screen of your solicitation.

**NOTE:** Changing the project status is only necessary when deviating from the normal progression of bidding and awarding. If the project is pending award or will be awarded, there is no need to change the status.

## Steps to Adjust Solicitation Status

Step 1: View your solicitation.

Step 2: On the bottom of the **Setup** screen, click "Edit."

The screenshot shows the 'Setup' screen for a solicitation. It contains the following information:

- Undeliverable Messages: 0 (for the last 7 days)
- Unanswered Questions: 1
- Unfilled Orders: 0
- Bids Received: 0
- Last Edited By: The PennBid Team - Jenn (10/30/2017 3:45:39 PM Eastern)
- Status Override: Open
- Number: Mount Pocono Municipal Authority
- Title: Sludge Thickener Tank Repair
- Bids Due Date: 5/05/2018
- Bids Due Time: 10:00 AM
- Time Zone: Eastern
- Contact: PennBid: The PennBid Team - Cheryl
- Project Manager: None
- Secondary Project Manager: None
- Document Manager: None
- Type: Fixed Fee Contract
- Description: Insert Ad Here
- Internal Comments: (empty)

An 'Edit' button is located at the bottom center of the screen, with a red arrow pointing to it from the right.

Step 3: Toward the top of the page, find the “Status Override” option. Click on the drop-down menu.

Step 4: Select the appropriate status for your solicitation.
