

Historical Unit Prices

When the **Unit Cost Report** is enabled, PennBid Users have access to all unit cost prices submitted since 2010. Hundreds of thousands of actual bid prices are available and can be quickly queried, fine-tuned, and if desired, exported as an Excel file. This no-cost feature is intended to assist progressive agencies and engineering firms in budgeting, estimating and the evaluation of their bids. Returned data includes the posting agency, the date bids were due, full description of line items, the Unit of Measure, and the quantity associated with the bid prices.

To Access this feature, click on **Unit Cost Report** from the **Solicitations** tab.

Reports - Unit Cost History

Unit Cost Report content

Input search criteria text into the Description field and set the date range if desired.

Description: * **Note - PennBid will return results that exactly match the text in the Description field.**

Bids Due Date between: Date and Date
