The category codes can be edited at any time. If you leave this field blank, PennBid will fill in the applicable category codes on each project. The bid categories are used to send out notifications to the bidders who indicate their products and services when registering.

## Bid Categories and Geographical Area

When registering, bidders/vendors can choose to indicate the geographical area, by county, for which they wish to receive notifications. This will help filter the projects they receive so that they're only getting notices about bids that contain products and/or services they offer in the county they do work.

To select the county/counties the project is located, click on the “edit pencil” on the “Bid State/County Areas” box. This is located to the left of the “Bid Categories” box.

The screenshot shows a navigation menu on the left with 'Home', 'Dashboard', 'Companies', and 'Bids'. The main content area has two panels. The left panel is titled 'BID STATE/COUNTY AREAS (0 records)' and has an 'Edit' button with a pencil icon. A red arrow points to this button. The right panel is titled 'BID CATEGORIES (2 records)' and contains a table with the following data:

CODE	TITLE	FULL NAME
912	CONSTRUCTION SERVICES, GENERAL (INCL. MAINTENANCE AND REPAIR SERVICES)	0 NIGP Classifications > 912 CONSTRUCTIC MAINTENANCE AND REPAIR SERVICES)

You can click “>” to expand a category, search by the county and click “v” to collapse a category. You can scroll and select the appropriate counties by checking the box to the left of each applicable county. Do NOT check the “Pennsylvania” box. This selects ALL counties across Pennsylvania.

The screenshot shows the same navigation menu. The 'BID STATE/COUNTY AREAS' panel now has a search bar and a list of counties with checkboxes. A red arrow points to the 'Pennsylvania' checkbox, with the text 'Do NOT check this box' next to it. The 'BID CATEGORIES' panel now shows two records:
