

Master Bid Item feature for
Bid Form Development
and Project Estimating

To have your specific line items added to the Master Bid Item list, please contact the PennBid Team at info@PennBid.net or call (610) 693-4769

The Master Bid Item List feature allows PennBid clients to develop their bid forms by simply selecting items from an online list, populated specifically for your firm. This feature also provides historical cost data for project estimating.

The Master Bid Item feature is provided at no cost for select engineering firms and agencies.

Benefits

- *Bid Form Development*

The Master Bid Item list can contain your company's specific numbering, descriptions, and unit of measures. Bid forms can be developed On-Screen by selecting your items from the list.

- *Cost Estimating*

Historical unit cost data to assist in estimating future projects.

- *Consistency*

The Master Bid Item List provides consistent, repeatable, rapid, and more accurate bids for development and estimating.

Next Steps

If interested in utilizing this feature, please contact us at info@PennBid.net.

To build the bid form using the *Master Bid Item* List, select **Add Items from Master** from the **Bids** tab
